MACIF has met with over 85 institutional investors over phone calls which took place from 8th to 11th June 2021 in order to present the Group’s credit. With more than 400 investors participating into the multi-tranche transaction for a total book size over €12.1bn, this represents the first Euro triple-tranche subordinated from a European insurer.

The three days of virtual roadshow conducted as part of this capital increase have again proved the great appetite of investors towards Macif’s solid business model.

These transactions constitute a significant part of Aviva France’s acquisition financing and the proceeds of the notes will be eligible for inclusion in Solvency II regulatory capital, reinforcing the newly formed Group capital base.

Credit Suisse acted as Structuring Advisor and Global Coordinator, HSBC and Natixis acted Global Coordinators and BBVA, BNP Paribas, JP Morgan, ING, RBC and Société Générale acted as Joint Lead Managers on these transactions.
